Driving authorization

On a regular basis a working group of German proving ground operators and OEMs exchanges information about the contents of the basic driving qualifications. It is within the discretion of the operator, to recognise the driver qualification from partner proving grounds as equivalent. Please note that the recognition of your qualification must be clarified with the relevant operator. The recognition of your qualification at ATP is the sole responsibility from the respective operator. Please note that you might need further qualifications and trainings, this depends on the driving programs.

Please do not hesitate to get in touch if you need more information or if you have any further questions.
